GOALS

Scandlines in numbers

Status 2022

- 7 vessels, of which 6 are hybrid & 1 emission-free ferry under construction
- 2 routes
- Approx. 1,250 employees
- 2 BorderShops
- 1 Easymarked (Rostock)
- 3 owned ports (Puttgarden, Rødby, Gedser)

Traffic numbers 2022

- 3.6m passengers
- 950,000 cars
- 720.000 freight units
- 9,600 busses

Key financial figures 2021

Revenue	328 mio. EUR
EBIT	85 mio. EUR
EBITDA – recurring	133 mio. EUR
Investments	22 mio. EUR

Scandlines' green agenda – a central part of our strategy

Our goal are **zero emission ferries** – we take 'one nautical mile at a time'.

We invest in tomorrow's technology leading towards a greener future.

Past 1997-2013

Diesel/elektric
propulsion

Present Since 2013

Diesel/Battery/
electric-hybrid

Future In a few years

Zero emission
- 100% battery
- Hydrogen/battery-
hybrid

Scandlines has a vision – green ferry operation.

We have identified six key focus areas for our efforts around Environment, Social and Governance (ESG):

Environmental protection

Health & safety

Employee well-being

Customer satisfaction

Compliance & ethics

Healthy supply chains

Along with this vision, we have joined the UN Global Compact as signatory and we support the United Nations' Sustainable Development Goals (SDGs) in five areas for a better and more sustainable future.

Examples

Our zero emission journey

We have committed to transform our business to zero direct emissions by 2040 - with our route on Puttgarden-Rødby to be free of direct emissions as early as 2030. We aim to exceed the ambitions of a 1.5°C scenario to fight global warming and lead the transformation to climate-neutral operations. Our expected green investments of around EUR 400 million between 2013-2024 further remove direct scope 1 and 2 emissions and drive technological advances to future-proof our position as a true pioneer in green ferry operations.

ZERO DIRECT
